Passenger Overhead Touch Control

Royale's Exclusive **NEW** Color Touch Control System can command in excess of 85 limousine functions through four easy to navigate tabs. It's small size and sophisticated technology permits it to be conveniently installed within easy reach of driver and passengers. Large Colorful Touch Control menus replace confusing audio and video remote controls and hard to use stereo knobs. To further simplify operation for passengers, drivers are also allowed full access to all passenger controls.

Ground-breaking, sophisticated and reliable, the NEW Color Touch Control System is a must have innovation for high end limousine users and is only available from Royale.
